

## Front of Bridge's New Service Strong Points

 <b>A.I. Translations</b>	Quick and Convenient; however, errors and garbled text abound. Therefore, is not suitable for important documents.	
	<b>Pros</b>	Quick, easy
 <b>Translation Company</b>	Cost/time of briefings, finding a translator/interpreter is expensive.	
	<b>Pros</b>	Accurate translation, and warranty included
 <b>Free-lance Translator</b>	Easy to use and quick, but the quality of translation differs. Also, knowing the difference between a good translator and a bad translator is difficult. Confidentiality not guaranteed.	
	<b>Pros</b>	Cheap, Quick
	<b>Cons</b>	Inaccurate, One-way communication
	<b>Cons</b>	Time, Money
	<b>Cons</b>	Quality of translation is questionable, Accountability

Front of Bridge's New Service simplifies complicated business affairs and expand business possibilities.

### Applying is easy, too!

No Running Costs. Translations are quick and cheap; however important documents will be translated and kept safe because we will not start working on it until a Disclosure Agreement is signed.

i.e., not only general website, catalogue, etc. translations, but Employee policies, payment policies, public application forms, medical certificates, etc. as well."

### Front of Bridge①

Originated from the Medical Interpreters in Gunma (MIG) initiative. Gunma Prefecture has around 60,000 residing foreigners, representing about 112 countries. MIG is made up of highly-skilled members who volunteered as medical interpreters & translators who have gained trust from various fields.

### Front of Bridge②

Launched as a separate department of MIG. To meet the needs of general companies, we will conduct commercial activities rooted in the coordination of interpretations, translations and other related business.

## Multilingual

### Multilingual Website

- You want to make an already-existing website multilingual.
- You want to make a new multilingual website.
- Not looking for an A.I. translation, but high-quality translations; i.e.. Medical, Legal, Tech, Business, etc.

### Multilingual Catalogues, Flyers, and Menus

- Yes, we can translate, but we can also design and print what you need.
- We can also translate already-existing data, which you can upload.

### Multilingual LINE, e-mail, & Facebook Posts

- When you can't reply to a customer inquiry received through your website or flyer.
- When you want to upload multilingual SNS updates.
- Even though it's a short sentence, you still don't trust an A.I. translator.

### Multilingual Digital Signages, Advertisements, Web Advertisements, etc..

- Seeing incorrectly-translated languages in public is embarrassing.
- Can I seek help when there's very little to translate?
- When you don't trust an A.I. translator.
